#### MAYOR'S REPORT:

Lenape Properties Management, Inc. has submitted a request to Council to consider permitting self-storage facilities as a conditional use within the Highway Commercial zone. They would like to build such a facility on three acres of a four acre parcel they own in Town limits. The property is located behind and adjacent to the Arby's restaurant at the intersection of Route 113 and Mitchell Street. Lou Ramunno, representing Lenape Properties, told Council that the facility would be climate controlled and would attract long term tenants. He showed pictures of how the building would look. Council is to review the information presented and get back to Mr. Ramunno with their findings. At this time the Town zoning does not allow this type of business in any of the zoning in town. If the council does want to pursue this then the zoning will need to be amended to allow it.

They would like to have the availability to town water/sewer. Mayor Gum appointed Robert Bryan/Chairman, John Wilkins and Tim Hodges to review the application and make a recommendation to council.

Patriots Landing - The Patriots Landing Committee gave a preliminary report last month and their report to Council this month recommended that the town move forward with the annexation with a Medium Residential District zoning. The committee agrees that the proposed development, Patriots Landing, be annexed into town and be zoned MR

(Medium Density Residential). This community will hook into the town water and sewer and is looking to start development in approximately two years. Bryan motioned, Wilkins motioned to approve the resolution proposing that the town annex part of certain territory contiguous to the present northeasterly limits of the Town of Millsboro owned by Patriots Landing, LLC, tax map number 1-33-11.00-14.00 and 15.00; and 1-33-16.005.00, 6.00 and 12.00, 157 acres, more or less, fronting on the east side of U. Motion carried with John Thoroughgood and Irene Keenan absent.

Peninsula Crossing Ad-Hoc Committee Report - Kyle Gulbronson, URS, presented an overview of the Peninsula Crossing Ad-Hoc meeting held on May 31, 2007. He explained there are problems with developing a large scale commercial center under the existing HC - Highway Commercial Zoning District. It was discussed with Mr. Dyer that the RPC District is primarily a residential district in nature and has always been interpreted by the Town to be residential and that a RPC overlay over this commercial project was not practical. It was also discussed that the proposed Planned Commercial District Ordinance was basically a "Town Center" or mixed use district which would not lend itself to this type of commercial development. Kyle suggested that a possible solution might be to develop a Commercial Overlay District for a larger scale commercial development. Mr. Dyer, the developer, is willing to work with the town on the zoning. Mayor Gum did express that there was some confusion among Council members about mixing the back property, west of Handy Rd., with commercial and residential. Mr. Dyer would like to have the property which fronts along Handy Rd. annexed in as Medium Residential and then apply to have the 10.8 parcel zoned HC - Highway Commercial with the proposed commercial overlay. The residential portion of the property could remain MR - Medium Density Residential with RPC overlay. Mayor Gum appointed a committee consisting of John Wilkins/Chairman, John Thoroughgood and Robert Bryan to review the annexation request and how this fits with the town's zoning and report back to Council with their recommendation. Bryan motioned, Wilkins second to accept the Ad-Hoc committee report and to send the request for annexation to the appointed annexation committee for review and recommendation. Motion carried with John Thoroughgood and Irene Keenan absent.
